APRIL 16, 2007 (Los Angeles, CA) - Critically acclaimed rock band Hypnogaja is included amongst an impressive roster of acts featured on the forthcoming new compilation CD, Saturday Night Loud! - Vol. 3, presented by Saturday Night magazine, a publication that columnist Liz Smith of the New York Post recently hailed as "THE hot magazine cluttering the messy dorm rooms of college kids."

Co-sponsored by MTV-U and Adobe, the release will contain "Looking Glass," a track from Hypnogaja's Below Sunset album, alongside new tracks by artists such as Rooney, Feist, Kenna, Rufus Wainwright and many more, and will be packaged with Saturday Night's May issue (which is also set to include an interview with Hypnogaja). Additionally, a brand new song by the band will be offered as an exclusive, free download on the magazine's website, www.snmag.com. The track, entitled "Perfect Existence," is slated for inclusion on the next Hypnogaja studio album, which is scheduled for release in 2008.
