

P.I.Light

BAND STORY

"Private Inferno Light formed in 2007, Tbilisi, Georgia. The band's line up consists of Mancho Kokhreidze (vocals), Jemmi Mirzashvili (guitar), Archi Bediashvili (bass), Nick Rukhadze (drums). Earlier all the members of the band played their own projects in different genres. Mancho performed gigs with the trip-hop band, Archi and Jemmi played nu-metal and hardcore, and Nick worked with the various metal, rock and jazz bands. P.I.Light's members met one another to create something interesting. Their musical direction is a mixture of styles, indie music plus metal and alternative elements. "
