Tiffany Petrossi: Bio

Tiffany Petrossi - Singer-Songwriter

With her latest effort, this hard working, independent, Singer-Songwriter sparkles. Her essence and honesty shine throughout the twelve tracks. Her musical arrangements complement the story-telling lyrics are delivered with her clear and compassionate vocals. The album's title, "Caravan," signifies the journey she embarks upon as a songwriter, musician, recording artist and person.

Tiffany Petrossi has ambitiously released three albums in less than three years. All were self produced through her independent record label, Esmeralda Records, named after a character she played in a Tennessee Williams play. Tiffany has also made her mark in the music industry with her organization, "Rockin' Moms,®" which she created to promote moms in music. As an aspiring Rockin' Mom herself, she wanted to acknowledge the accomplishments of Moms in the industry, including producing music festivals, ezines, music website and producing CD compilations.

Tiffany has been honored early in her music career with a proclamation from Mayor Gavin Newsom, of San Francisco, officially naming 9/14/05, "Tiffany Petrossi Day", to honor her musical contribution and performance at City Hall. Petrossi has received a runner up in VH1 Song of the Year
