#### HISTORY

The group duo *TwoineJameZ & Skee M.O.N.E.Y* consist of *TWO* emcees both from the same city (Decatur, GA). Before they came to be, they were both solo artist. The two formed the group duo after in the studio to record a "*Tribble Clef*" produced track "*European EyeZ*" where they would put *together* their first commercial hit to add to a collection of many others. When the track was complete and gained positive feed back it led to the decision to keep recording more songs, and ultimately complete a whole album. *TwoineJameZ*, Decatur/ Ellenwood, GA, embodies *eccentric* lyrical content that has very little *perplexity* and also has *vigor* like no other big man. *Skee M.O.N.E.Y*, also a Decatur, GA native, brings to the group duo *animation*, *satire*, and the *gripping* lyrics to the group duo. During the process of completing this first album, that will only feature producer/artist ( *K-Rab*) and most in-house production from ( *Tribble Clef*) and *TwoineJameZ* himself on the album. Together they would make one of several most well-known songs on the album, called "*Blowin UP*". After completing this album, the artists made it official to combine their talents to create the group duo now known as *TwoineJameZ & Skee M.O.N.E.Y*. *TwoineJameZ & Skee M.O.N.E.Y* will bring back duo rap groups where some of the southern greats like, "*OUTKAST*", "*UGK*", "*EIGHTBALL & MJG*" left off. **THEY GOT IT!!!!** The great thing about this group duo is that neither one of them sounds the same, nor have the same style; this duo brings *versatility*, *drive*, and the *patience* it takes that promises much success in the music industry.
